For: CAPILLARY ARRAY HAVING LOAD
HEADER (AS AMENDED)

Examiner: Alexander Stephan
Noguerola

INTERVIEW SUMMARY

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

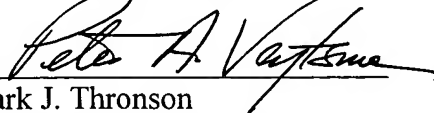

Dear Sir:

This memorializes a telephone interview conducted on October 10, 2008, between Applicants' representative and Examiner Noguerola. Applicants received a "Response to Rule 312 Communication," mailed on September 16, 2008, indicating that a paper submitted on July 17, 2008 was not entered because it appeared to be a resubmission of an Amendment dated July 11, 2007 ("2007 Amendment"). As discussed during the interview, on July 17, 2008, Applicants submitted a request to correct the Title of the Invention in the Notice of Allowance document ("2008 Request"), and, as support for the request, attached a copy of the 2007 Amendment which changed the Title of the Invention. Due to clerical reasons, the Examiner received for review a copy of the 2007 Amendment without the 2008 Request, and, thus, the "Response to Rule 312 Communication" was issued.

During the interview the Examiner explained that the Title of the Invention has been changed in the PTO records to reflect the 2007 Amendment, and no further action is necessary.

Dated: October 10, 2008

Respectfully submitted,

By 

Mark J. Thronson
